The food selection was quite limited, and there was no tissue paper in the room.

The hotel is near the beach with a nice atmosphere and good value for money. The staff are polite and provide good service. There's a convenience store nearby.

We're here to help!

Learn more by browsing our frequently asked questions.

What is TripPlus?

TripPlus is a marketing tool that gives our best partners more exposure on Trip.com. The program is designed to increase your user traffic and improve member retention rate.

Who are TripPlus guests?

TripPlus consists of four tiers, each representing a different level of guest value. Silver tier members normally complete 1 or 2 stays within a year, gold tier members normally complete 2 or 3 stays within a year, platinum tier members normally complete over 10 stays within a year, and diamond tier members normally complete over 15 stays within a year. Discounts are given to all TripPlus members, but if you want to increase your reservations with our most valuable guests, you can target them with extra discounts.

How can I track my performance?

Your TripPlus report will provide insights into the additional reservations and revenue generated by the TripPlus program.

Why do I need to offer a discount?

In order to attract TripPlus members to your property, we request that you provide a minimum discount of 10% for all rooms. In exchange, your property will be labeled with the TripPlus tag, resulting in increased user traffic and more reservations and revenue.

Will I get more reservations as a TripPlus partner?

Yes. After deducting the cost of the TripPlus discount, partners who join the program see an average increase of 20% in user traffic and an extra 15% retention rate.

Which rate plans can I offer TripPlus discount on?

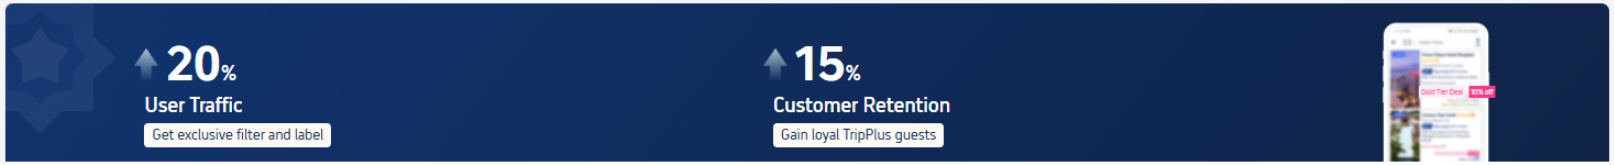

To maximize your visibility as a TripPlus property, the TripPlus discount is automatically applied to your B2C and Non-Connectivity rate plans. To attract even more guests, you can also offer TripPlus discounts on additional rate plans. You can manage this on the modification page.

Introduction | Project overview | Achievements dashboard

What is CoinPlus?

The guest redeems Trip Coins to pay the full room rate for their stay. You only need to contribute 5% of the rate - we cover the remaining booking costs.

We provide over US$400 million in subsidies for stays booked through Trip.com at participating properties.

You'll be eligible to appear in huge global promotions and get a rankings boost - increasing your visibility and driving more bookings.

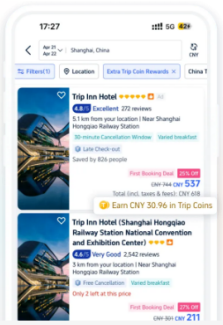

How CoinPlus appears to travelers

Rewards labels | Savings prompts | Marketing across our sites

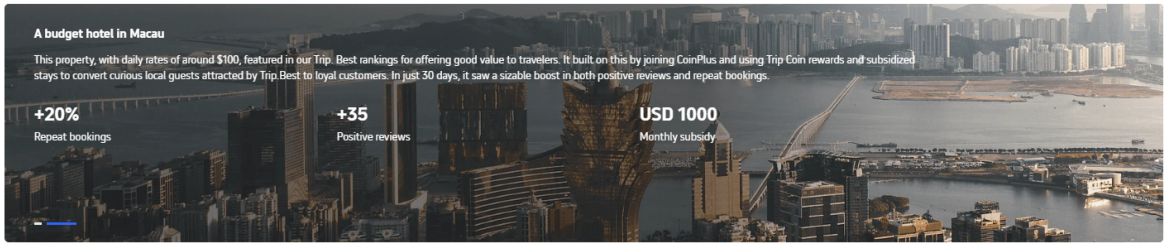

Rewards labels

The extra Trip Coins you're offering will appear on your listing, grabbing the attention of loyal, travel-savvy users

Synchronized campaigns across multiple brand sites within Trip.com Group

Success Stories

CoinPlus Rules

The 5% contribution is based on the original net rate (by default, all consumer-facing, non-connectivity rate plans must be included)

CoinPlus stacks with all promotions and campaigns

You can pause discounts for up to 30 days during peak periods
